

Are you a registered, women-led CBO/Self-Help Group looking for funding for projects around WASH and Climate Adaptation? Look no further!

Neighbours Initiative Alliance in partnership with SIMAVI under the Water Justice Fund are looking to fund projects around improving access to water, sanitation and hygiene services and supporting climate change adaptation initiatives in Kajiado County, focusing mainly in Kajiado East, West and Central sub-counties).

Fundable projects are those that will;

- Improve enjoyment of women and girls human rights to water and sanitation
- Facilitate climate resilience - women/girls have the ability to anticipate, withstand, adjust and adapt to climate change impacts and be resilient to climate shocks
- Create more durable women's organizations-organizing and strengthening women's and girls' groups; organizing and networking of women's groups on leadership, decision

making and engaging with others to amplify women/girls voices for Ensure women and girls have access to flexible financing and other support that suits their needs, and those support systems that prioritize climate resilience actions

- Ensure women and girls have a deeper understanding of their human rights to water and sanitation as well as the climate related risks and uncertainties associated with them.
- Ensure that women are amplifying their voices both locally and at the national level in decision making development processes to ensure they are consulted and co-create the interventions that address their Human Rights to Water and Sanitation (HRWS) needs.
- Increased funding for climate adaptation
